A BY-LAW

To authorize and empower the Vancouver and Lulu Island Electrical Railway and Improvement Company, Limited Liability, to lay down, construct, complete, maintain and operate an Electrical Railway for the purposes hereinafter mentioned on and along and upon the Public Roads or Highways within the limits of the Richmond Municipality, as the Council do now or may hereafter determine.

WHEREAS the Vancouver and Lulu Island Electrical Railway and Improvement Company, Limited Liability, have applied to the Council of Richmond Municipality for permission to construct, operate and maintain an electrical railway on, along and upon any public road or highway within said Richmond Municipality for the conveyance of passengers and freight; and inasmuch as said Council consider that, subject to proper conditions and restrictions, it is to the interest of the Municipality to grant such permission;

Be it therefore enacted by the Reeve and Councilors of the Municipality of Richmond, in Council assembled, as follows:—

1. The consent, permission and authority of the Council of the said Municipality is hereby given to the said Vancouver and Lulu Island Electrical Railway and Improvement Company, Limited Liability, to construct, equip, maintain, and operate, for the term of fifty (50) years from the passing of this by-law, a single or double track electrical railway, with all necessary switches, sidetracks, turnouts and other requisite appliances in connection therewith, on, along and upon any public road or highway within said Richmond Municipality, and subject to the terms, conditions and restrictions hereby imposed.

2. The construction of said line of electrical railway shall be commenced within one (1) year from the date of the passing of this by-law, and be prosecuted with such energy and dispatch as will secure the completion, equipment and operation of said line from some point in or near the City of Vancouver to some point on the south side of said Lulu Island within two (2) years from the date of passing this by-law.

GENERAL CONDITIONS.

3. During the time of constructing the railway and laying the rails, or thereafter repairing the same, a free passage for vehicles over the public roads or highways shall be maintained, and immediately after said

rails have been laid or repairs done the surface of the public road or highway shall be reduced to a condition as nearly as possible similar to that in which it was before the commencement of the work of construction or repairs.

4. The Municipal authorities, or any duly authorized person, persons or companies, shall have the right to take up the public road or highway traversed by the rails of said Company, and to remove all rails, roadways or tracks necessary for the purpose of grading or graveling said public road or highway, and for all other purposes within the province of said Municipality, or such duly authorized person, persons or company as aforesaid, without being liable for any claims or demands for compensation or for damages arising from any delays that may be occasioned to the working of the railway or to the works connected therewith by reason of such taking up of any such public road or highway, or removal of any such rails, track or roadway as aforesaid; provided, always, that should said Municipal authorities, or any such duly authorized person, persons or company, take up any such public road or highway necessary for the purposes aforesaid, the said Municipal authorities, or duly authorized person, persons or company shall, without any unnecessary delay, repair such public road, highway or track, and replace such rails at their proper costs and charges, and shall leave such track and highway in the same, or in an equally good, condition as that in which it was found by them before taken up or removed.

5. Whenever it shall be necessary to remove any snow, ice or dirt from any of the tracks of said Company the same shall be removed by the said Company in such a manner as not to obstruct the ordinary traffic.

6. The Company shall have the right to charge and collect from every person on entering any of their cars for the purpose of riding any distance, or for the conveyance of freight thereon, such fare or charges as the Company shall agree upon.

7. The cars of said Company shall be entitled to the right of way on the tracks of said railway. All vehicles, however, may travel on, along or across said track, but any vehicle, horse, man or foot passenger upon the track shall turn out on the approach of any car so as to leave the track clear for the passage of cars.

8. The Company shall employ careful, sober, well-behaved and prudent conductors and drivers as far as practicable, to keep vigilant watch for all teams, carriages, or persons on foot or horseback either on the track or moving towards it, and on the first appearance of danger the car shall be stopped in the shortest possible space and time.

9. The cars after dark shall be provided with coloured lights, both front and rear, and at all times such signals shall be attached to the cars as the Council may reasonably require.

10. The Company in all cases when laying their track on a roadway shall construct the same on the side of the roadway, inside, outside or over the ditch, but not in the centre of the roadway.

11. Any of the conductors or drivers employed by the Company who may be guilty of using profane, abusive or insulting language, or of overcharging, or of being drunk or disorderly, upon conviction before a Justice or Justices of the Peace having jurisdiction, shall be liable to the fines and penalties set forth in clause No. 13 of this by-law.

12. The privileges hereby granted to the Company shall extend over a period of fifty (50) years from the date of the passage of this by-law, but at the expiration thereof the Municipality may, after giving six months notice prior to the expiration of said term of their intention to alter the terms of this by-law, in such manner as may be mutually agreed upon between the Corporation and the Company, assume the ownership of the railway and all real and personal property in connection with the working thereof on payment of their value, to be determined by arbitration; and in case the Municipality should fail in exercising the right of altering the terms of this by-law as aforesaid, or of assuming ownership of said railway at the expiration of fifty years as aforesaid, the Corporation may, at the expiration of every five years to elapse after the first fifty years, exercise the same right of alteration of the terms of this by-law as aforesaid, or assuming ownership of the said railway, and of all real and personal estate thereunto appertaining, after one year's notice to be given preceding the expiration

of every fifth year as aforesaid, and on payment of their value, to be determined by arbitration. And the privileges hereby granted to said Company shall be deemed to be until said Municipality shall have exercised the right of purchase or of alterations of the terms of this by law as aforesaid, and as if such extended time had been originally fixed by this by-law.

PENALTIES.

13. Any person guilty of an infraction of any of the provisions of this by-law shall, on conviction, forfeit and pay a fine of not less than one and not more than fifty (50) dollars, exclusive of costs, and in case of non-payment thereof the same may be recovered by distress and sale of the goods and chattels of the offender, and in case there be no distress found out of which such fines and costs can be levied, the offender may be imprisoned for a period of not more than one month.
